

FUTURE-PROOF MILITARY & DEFENSE TRAINING

Training teams for military and defense face a unique set of challenges. Training professionals in this field face complex operations, multi-faceted environments, technological advancements and limited resources. For this reason, an adaptable training approach is needed that incorporates cutting-edge technology with realistic simulations to prepare military teams. X2O OneRoom provides a flexible, immersive environment that enables military and defense professionals to learn and familiarize themselves with the technology, strategies and the necessary skills for their roles.

ACCELERATE YOUR TRAINING

X2O OneRoom is an immersive collaboration space designed to deliver engaging, consistent and equal learning experiences for in-room and remote participants.

OneRoom enables participants to collaborate with military teams globally to refine strategies and provide interactive simulation training that is realistic and immersive.

DYNAMIC TRAINING WITH A DIFFERENCE

Take military and defense training to a new level with **X2O OneRoom**

SPATIAL AUDIO

Quickly identify & locate attendees to engage face-to-face

POLLS AND QUIZZES

Get instant feedback by assessing engagement and learning outcomes during a session

INTERACTIVE WHITEBOARD

Share content that everyone can view and annotate for individual or group collaboration

REMOTE PRESENTER

Flexibility to facilitate sessions from anywhere in the world with full control and visibility over all attendees

SECURE & COMPLIANT

Commercial and Government Entity (CAGE) code: 9H2X7. Unique ID: U36QL4C2YRC7. X2O Media is also SOC 2 type II compliant.

PERSPECTIVE CAMERAS

Give learners their own personal view of the room for higher levels of participation

HYBRID BREAKOUT GROUPS

Provide space for discussion between online and in-person learners for better understanding

CONTENT SHARING

Bring training sessions to life by sharing content to the group from any device including AR/VR, holograms or video streams

CONNECTED SPACES

Connect multiple rooms together to create one dynamic learning space

READINESS

X2O OneRoom is a FedRamp-Ready Azure Cloud Hosted Platform. We can also work with partners who have existing contract vehicles.

TRANSFORM LEARNING AND TRAINING

HUMAN CONNECTION

Create a learning space with **OneRoom** where all participants have a one-to-one connection with the instructor as well as each other.

ENGAGE

Designed with multiple camera views and integrated collaboration tools, **OneRoom** creates a broadcast-like experience to capture a learner's attention and encourage participation.

POWER OF AI

With **OneRoom's** enhanced AI engine you can create personalized learning journeys that track, log and improve the capabilities of learners and trainers in real-time. Instructors can use its comprehensive data for better insight into a learner's level of attentiveness and assimilation and to optimize course design and content.

SUSTAINABILITY

OneRoom provides a sustainable solution to help reduce carbon footprint and costs associated with travel for training and teaching. It also integrates with existing systems and infrastructure.

ANALYTICS

Track and monitor the performance of instructors and learners with **OneRoom's** integrated analytics dashboard which measures progress, attendance and effectiveness of each session.

LEARN

Whether learners are in-room or remote, **OneRoom** offers the same high-quality and interactive experience to all. **OneRoom** also integrates with Learning Management Systems (LMS) for complete training visibility.
